

Produced by renowned pianist/producer Jane Getz and Grammy Award winner, Bob Tucker, this latest cd, *Introducing J'ai Michel*, boasts an eclectic mix of R&B, Pop, Jazz, Rock, and Blues with a little Spoken Word thrown in for good measure!

The LA Times describes *Evolution* as *...swinging...powerful...and haunting.* Featuring the late greats, legendary sax man Teddy Edwards and drummer, Sherman Ferguson, Jay Leno's Vicki Randle and the genius of pianist, Nate Morgan.

If you like Billie Holiday, Joe Williams and Etta James, you'll love *The Art of Blue*. "Sweet Baby J'ai's mixture of musical styles was mesmerizing...there's no doubt that 'being real' is what makes this unique performer one of a kind." -- *Blues and Soul Magazine*
